MEETING MINUTES

A meeting of the Tyngsborough Sewer Commission was held on Thursday, Dec. 9, 2010. The minutes of that meeting are as noted below.

Present: Rick Reault – Acting Chairperson, Jeff Hannaford – Member, Allen Curseaden – Superintendent

Meeting opened at 6:05 p.m.

Item 1) Citizen's Time – None

Item 2) Superintendent's Update

a) Audrey Ave. Pump Station – Pump Needed – Rebuild \$1,800.00, Replace \$2,700.00 – A.C. suggests replace due to age. A.C. Will check Barnes type vs. Flygt for best price.

b) Superintendents vehicle – The Ford Explorer broke down. Reportedly needs a new timing chain. A.C. took the vehicle to Duff's Garage for an estimate. Duff's suggested an engine rebuild price of \$1,000 – 1,500 or an engine replacement of \$2,000 – 2,500. A.C. is bringing vehicle back to the Sewer Dept. garage and will do a tear down of the engine to determine extent of damage and reassess at that time. A.C. reports that a possible new vehicle may be needed as the Ford Expedition is not running well either.

Item 3) Administrators Update – A letter of invitation to the newly formed Sewer Design and Construction Committee was given to the sewer commission members.

Item 4) Complaints – None

Item 5) New Business - The Commissioners signed a covenant for FY11, 2nd quarter.

Item 6) Old Business

a) Meeting Minutes – J.H. to review

b) Chelmsford IMA payoff – Still be formalized.

c) Sewer Design and Construction Committee – Selectmen approved at their last meeting. A Letter of invitation to potential members will be sent out.

Item 7) Adjournment – Motion by J. Hannaford - Second by R. Reault

Vote: Unanimous – 6:50 p.m.
