Town Administrator's Report

Dear Board Members:

I am pleased to report the following updates from Town Hall and throughout Town:

- All COVID restrictions and industry specific standards were lifted on May 29. This included the indoor and outdoor mask mandate which was replaced with the CDC advisory that masks continue to be worn in all settings by non-vaccinated residents and in certain settings like schools, public transit, and health care settings by all residents regardless of vaccination status.
- Middle School Building Committee Updates:
 - June 2nd preliminary design ranking sheets distributed to committee members.
 - June 16th the MSBA will review cost estimates for the preliminary designs.
 - June 23rd the MSBA will review combined rankings of members and take a formal vote on the preferred option.
- MJs Market is providing their Special Permit application packet to the Planning Board by the June 15th deadline to participate in the July 15th meeting. In order to expedite construction, they anticipate applying for demolition permits prior to final special permit and CCC approval.

Assistant Town Administrator's Report

- Camp Kiwanis project is nearing total completion. The State will be out tomorrow to conduct a final inspection and we expect that it will be fully operational for residents to explore in the coming week. Photos of the progress were included in your packet.
- Town Administration is working with the Public Library to kick off a carpet replacement project in the library. This project was approved as a capital expense two years ago and will be a great finishing touch with the painting project kicking off next week.

Regards,

Matthew J. Hanson
Town Administrator
